Customer Operations / Remote Support Specialist

Summary

Remote customer-support and operations professional with experience handling customer issues through chat, phone, email, ticketing, documented escalation, and quality processes. I have supported customers at IntouchCX and Lyft Support and have additional small-business experience across customer communication, website updates, intake flows, data cleanup, and seasonal operations. I communicate clearly, follow procedures, document issues carefully, and know when to resolve a problem directly or escalate it.

Skills

- Customer support through chat, phone, and email
- CRM and ticketing workflows
- Issue documentation and escalation
- Remote work and process discipline
- Customer-focused written communication
- Account, browser, website, and application troubleshooting
- Excel, data cleanup, records, and basic reporting
- Forms, intake flows, website updates, and online customer journeys
- Microsoft Office, Google Workspace concepts, GitHub and web tools

Experience

Customer Technical Support & Operations Representative — IntouchCX

Remote / Winnipeg, MB | March 2025 – May 2026

- Supported customers across assigned client programs through chat and phone.
- Worked within CRM/ticketing systems, documented escalation paths, quality requirements, and operating procedures.
- Communicated solutions and next steps clearly while maintaining professionalism under time pressure.
- Recognized issues that required escalation and provided useful context for the next support level.
- Role ended when the client program shut down; available immediately.

Founder & Client Operations Lead — Savv Studio / SavvOps

Remote | January 2023 – Present

- Communicate with small-business and nonprofit clients about website needs, updates, customer intake, and ongoing support.
- Turn client requests into clear tasks, confirm requirements, provide progress updates, and maintain delivered web systems.
- Improve forms, service pages, calls to action, and customer-facing information to reduce confusion and make contact easier.

Contract Web Developer & Seasonal Operations Support — Window Guys Winnipeg

Winnipeg / Remote | Seasonal contracts, 2024 – Present

- Supported customer, sales, web, data-cleanup, and seasonal field operations for a local service business.
- Helped maintain accurate customer information and clearer quote-request and service workflows.
- Adapted between office, customer-service, technical, and field responsibilities as seasonal needs changed.

Customer Service Representative — 24/7 Intouch, Lyft Support

Winnipeg, MB | November 2017 – April 2019

- Resolved rider and driver support inquiries through email and phone.
- Followed documented escalation and service-quality procedures in a high-volume environment.
- Recorded issues and actions in CRM/ticket workflows to support consistent follow-up.

Education

Bachelor of Science in Mathematics and Physics

University of Manitoba, Winnipeg, MB | May 2023
